

Mission 307 - 194

1. Mission Description

2. Objectives: 18 (a) bombs scheduled and five (b) bombs
dropped - 100% success.

3. Bombing Results: 18 (a) bombs, instances mostly fused.
5 (b) bombs, instances mostly fused.

4. Remarks:

5. En Route: Clear weather, excellent
flight conditions existed from take-off to the target,
with the exception of a light squall
line encountered at 4000 with light rain and
moderate turbulence.

6. Near the Target: 3/10 clouds with tops at
10000 feet and restricted visibility.

7. Post-Mission: Excellent flight weather and restricted
visibility with scattered to broken clouds at
10000 ft. Small line still existed. It lasted for
about 10 minutes. From this time on the
weather was clear with tops at
approximately 12,000 feet.

8. Summary: 18 (a) bombs, 5 (b) bombs, 100% success.

9. Remarks: 18 (a) bombs, 5 (b) bombs, 100% success.

10. Remarks: 18 (a) bombs, 5 (b) bombs, 100% success.

11. Remarks: 18 (a) bombs, 5 (b) bombs, 100% success.

12. Remarks: 18 (a) bombs, 5 (b) bombs, 100% success.
